The Red Isle of Lewis Antiqued Chessmen

The Isle of Lewis Antiqued Chessmen

The Miniature Isle of Lewis Antiqued Chessmen

The Isle Of Lewis Chessmen

By Studio Anne Carlton

Own a faithful reproduction of the earliest known chessmen! This chess set is a genuine replica of the legendary Isle of Lewis Chessmen, which hold a place in chess history like no other. The original chessmen were discovered in 1831 when the sea carried away a sandbank on the Isle of Lewis (Scotland) and uncovered a mysterious building that had been long buried under the sand. A peasant working nearby entered the building and discovered what he thought was a collection of Elves and Gnomes. The superstitious highlander flung down his spade and fled home in horror. He was later induced by his wife to return to the spot and take the figures home. He sold them to a local collector who realized they were chessmen. There were 93 pieces in all belonging to at least eight different sets; 82 are now housed in the British Museum and the rest in the National Museum, Edinburgh. It is believed that the Isle of Lewis Chessmen, as they are now known, date back to the 12th century and are of Scandinavian origin. Experts are unanimous in regarding them as the most astonishing collection of ancient chessmen in existence.

The Celtic Chessmen

By Studio Anne Carlton

The Celtic people were inhabitants of Western Europe, particularly Ireland, Wales, Brittany and the Highlands of Scotland and were subjected to raids by Vikings and Norsemen. This chess set is the story of a battle between the Irish King, Brian Boru, and the Viking invaders and took place in 1014 AD at Clontarf, near Dublin. Although the Celts managed to defeat the Viking invaders, their King, Brian Boru, was slain. This chess set features principal characters involved in the battle and depicts Celtic designs and artifacts of the period. The skill and workmanship of the Celtic tribes was demonstrated by their artistic and unique designs, reproduced here in this magnificent chess set. 4.4" king height

The Gods Of Mythology Antiqued Chessmen

By Studio Anne Carlton

The Ancient Greek Gods are well represented and portrayed in this impressive chess set. Zeus is the king, presiding over the whole social order and Mount Olympus. He is the father of gods and men and the most important of his fellow deities. Aphrodite, the goddess of love, daughter of Zeus, reigns as queen. Asklepios, the god of healing and medicine, son of Apollo, serves as bishop. The Centaur, the part horse part man creature from Greek legend, represents the knight. The Corinthian column of the classical order was selected as the rook to create balance in the set. Pan, the gods of shepherds and countryside, represented with horns, legs of a goat and playing the pipes, serves as the pawn. 6.25" king height

The Crusades Chessmen

By Studio Anne Carlton

This magnificent chess set epitomizes the struggles for domination between Christians and Muslims. This conflict has continued intermittently for over a thousand years, but it is the period between 1095 and 1292 that has captured our imagination because of the exploits of the Crusader knights. These chessmen represent the Christian side led by King Richard I of England, known as Richard the Lionheart, in combat with the Muslim armies led by Saladin. This chess set concentrates particularly on the Third great Crusade led by King Richard I of England, who in 1189 joined King Philip II of France in an effort to recapture the holy city of Jerusalem. 5" king height

The Battle Of Bannockburn Chessmen

By Studio Anne Carlton

This gorgeous Chess set captures a pivotal moment in Scottish History - The Battle of Bannockburn. Scottish forces, starving and vastly outnumbered, defeated the English army in what would become the final battle of the First War of Scottish Independence. The Scots are lead by Robert the Bruce, King of Scots, and Queen Elizabeth De Burgh, who had recently been reunited with her husband after being held captive by the English for over 8 years. The English are lead by King Edward II, who reigned from 1284 until 1327. The epic battle took place on June 24, 1314. This set depicts the same battle that serves as the climax of the movie Braveheart®. 4.75" king height

What's New In The Library!

USCF SALES

Check out these new offerings from the WORLD'S LARGEST CHESS RETAILER!

Dvoretsky Endgame Manual - Fourth Edition B0007RE - \$34.95

When you are serious about improving your endgame skills, you need this book. It is a comprehensive work on the endgame that will reward players of all strengths. Even if you do not play at master level, the book has been designed to help your endgame too. Basic theories and "must-know" concepts are highlighted in blue. You may skip the more complex analysis, focus on the text in blue, and still improve your endgame technique.

The Modern Bogo 1. d4 e6 B0148NIC - \$29.95

The Modern Bogo covers all the possibilities for White after 1.d4 e6... except for 2.e4, after which you should play the French! Dejan Antic and Branimir Maksimovic have created a complete chess opening repertoire for Black players. You will find that this opening not only gives you good chances to equalize as Black, but also many opportunities to play for a win.

Chess Developments - Sicilian Najdorf 6. Bg5 B0400EM - \$29.95

The Sicilian Najdorf is undoubtedly one of the most popular chess openings. IM Kevin Goh Wei Ming examines the most theoretically important and instructive games in recent years, highlighting the main developments and novelties for both sides. Whether playing White or Black, this book provides you with essential knowledge of an important opening.

Magnus Carlsen - Vishwanathan Anand B0268IS - \$25.95

Including all games from the 2014 World Chess Championship Match, plus previous games between Anand and Carlsen. All games have been highly annotated by Grandmaster Raymond Keene, OBE.

The Inner Game of Chess B0107EU - \$19.95

Andy Soltis shows that the key to good calculation is good visualization of the position in front of us and then after the moves we're considering. Being aware of tactical motifs; knowing when to stop looking; and verifying your chosen move are essential, but they all depend on the basic requirement to see clearly what's going on.

The Czech Benoni in Action / B108EU - \$24.95

Had enough of the same old queen's pawn openings? Afraid of losing just because you forgot White's latest move 23 novelty in the main lines? In The Czech Benoni in Action, two practitioners of this little-known but sound counterattacking system join forces to show how you can pose novel problems for opponents of all strengths, leaving them to fend for themselves as early as move 3.

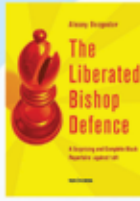

Bologan's Black Weapons / B0147NIC - \$34.95

If you are ready to play the Ruy Lopez with Black, you also need to be prepared if White avoids the Ruy. In this book Victor Bologan covers all relevant lines with a well laid-out, clearly explained and eminently playable set of responses. But Bologan's Black Weapons in the Open Games is not just another chess opening repertoire book. Bologan presents TWO different options against every main line: a common sense approach and an aggressive weapon. It's actually two books in one.

The Classical French - Move by Move B0397EM - \$29.95

IM Cyrus Lakdawala invites you to join him in studying the French Defence, Classical Variation. He examines, in detail, the important and commonly played lines, including the Steinitz, McCutcheon and Burn Variations. He explains the main positional and tactical ideas for both sides, provides answers to all the key questions and tells you everything you need to know about successfully playing the Classical French.

The Liberated Bishop Defence B0151NIC - \$28.95

In many 1.d4 openings, Black has trouble getting his bishop on c8 into play. This book presents a radical solution to this nagging problem; liberate your bishop right away and put it on f5 on the second move. Play 2...Bf5! against either 2.c4 or 2.Nf3 will surprise your opponent and is also a great way to support your development, because the bishop takes control of the important square e4.

Tactics Time 2 B0150NIC - \$16.95

Thousands of beginners and casual chess players have improved by studying the tactical examples in Tactics Time 1. The authors are back with more real chess tactics from the games of players like you. It offers 1001 fresh and instructive positions. This big will show you not only know how to easily spot tactical shots, but you will also improve your game generally, gain confidence, use less time on the clock and start beating more opponents.

Delivery and Processing

Our shipping and processing charges are intended to compensate our company for processing your order, handling and packaging the products you purchase, delivering them to you, and covering related materials and overhead. Most purchases are shipped from our warehouses and arrive within 5-7 business days of the receipt of your order. If any delay is anticipated, we will notify you by mail or email. Some items are shipped directly from our suppliers and may take longer to arrive. Also, items ordered together may not arrive in the same box. Please be aware that some heavy or bulky items can not be shipped outside the United States.

We provide delivery service with both FedEx and United States Postal Service. We charge the same fees for both services. As a default, we use FedEx unless your package is being shipped to a post office box, military address or you have a personal preference for United States Postal Service. All packages are shipped via trackable and insured methods.

Shipping to Hawaii, Alaska, Military and U.S. Territories

Items shipped to Hawaii, Alaska and U.S. Territories are delivered by United States Postal Service at our regular shipping and processing fees, with an additional charge of \$15.

Delivery and Processing Surcharges

Because some items may be bulky, large or heavy, they have a deliver and processing surcharge listed in parentheses (\$00) after the price. This charge is in addition to the regular delivery and processing charges in the rate schedules.

***Please note: Additional shipping surcharges are indicated in parenthesis (\$X) where applicable.

USCF Sales Return Policy

The Item Return Policy of USCF Sales depends on the item/s that were ordered. There are numerous classes of products that have their own unique return policy. Please review the list below to find the return policy that best describes the item/s you wish to return. Once you have reviewed the policies and confirmed that your purchase is eligible for return, please contact us for specific return instructions, including an RMA (Return Merchandise Authorization) Number.

Item Returns - Computer Software and DVDs

Computer Software and DVDs can only be returned or exchanged if the product is in its original, shrinkwrapped packaging and has not been installed or used in any way. Once you open the packaging of a Computer Software or DVD title, it can only be exchanged for the same title if the original media is defective. There are NO exceptions to this rule.

Item Returns - Custom Orders

Custom Orders, such as items that have been engraved or printed to your specifications, can not be return/exchanged under any circumstances. Any fees associated with the customization of that item are not refundable.

Item Returns - All Other Items

You have three weeks (21 calendar days) from the date your package is shipped to notify us that you wish to return an item. Once we have been notified of your intent to return an item, you have two weeks (14 calendar days) from the date of notification to have the item returned to us and in our possession.

All shipping charges, including those that you paid to originally receive the package, are NOT refundable.

The item being returned and all of its packaging / accessories / components / documentation must be returned in the exact condition (e.g. unused) that they were received. The items must be packed carefully and sent via a method that is trackable, has signature required for delivery and is insured. The shipping carrier that we recommend is FedEx.

We are not responsible for any damage or loss that is incurred while the package is in transit. That is why we require the package to be insured.

If the item being returned was part of a promotional purchase, such as eligible for receiving a free gift, you must return all of the items that were part of that promotional purchase, including the free gift.

If the item being returned was part of a free shipping promotion, you will be responsible for the original shipping costs for that item, which will be deducted from any return or credit owed.

All Returns are subject to a 15% restocking fee, unless the item is exchanged. We will waive the restocking fees on items exchanged for an item of equal or greater value.

An RMA (Return Merchandise Authorization) number is required for all returns. We will refuse all packages which do not have an RMA # clearly marked on the outside of the package. Please make sure it is CLEARLY WRITTEN AND VISIBLE.

Please contact us at sales@uscfsales.com
or 888.51CHESS for questions about returns.
